<i>The State of California or its officers or agents shall not be responsible for the accuracy or completeness of electronic copies of this plan sheet.</i>					

- NOTES:**
- Contractor to provide anchor bolt layout before anchor bolts are placed. Resin capsule bolt locations shall be laid out prior to pouring deck and barrier rail concrete to avoid interference with rebar, fence post, or conduit.
  - Where new resin capsule bolt anchorage coincides with fence post, adjust new mounting bracket to create a minimum distance of 6" measured from the centerline of nearest resin capsule bolt anchorage to the centerline of fence post or as approved by the Engineer.
  - Resin capsule anchorage is subject to approval of Engineer. Installation procedure shall comply with manufacturer's instructions.
  - Unless otherwise shown, all steel shall be galvanized after fabrication.
  - Resin capsule bolt anchors shall be installed in sound concrete free of cracks or delamination.
